

Company Trust Report

Marketing Version

1. Company Overview

Vardhman Financial Services is one of the rapidly growing private financial service networks in India, providing Private Funding Unsecured Cheque Basis Solutions for businesses and individuals who require financial support.

The company operates as a financial service facilitator and private funding network, connecting verified investors with customers who require working capital or business funding.

Our core objective is to provide:

- **Fast financial solutions**
- **Transparent processes**
- **Secure financial networking**
- **Reliable support for businesses and investors**

With a strong operational structure and growing financial network, Vardhman Financial Services is currently active in 24 states across India.

2. Company Trust & Experience

Vardhman Financial Services represents a financial network built on more than **26 years of experience** in private financial services.

Over the years, the company has built a trusted ecosystem connecting investors and customers through professional financial facilitation.

"Trust is not built by words — it is built by commitment and performance."

This principle has helped the company establish a long-term relationship with thousands of investors and millions of customers.

3. Funding Performance Report

According to the company's internal performance analysis:

91% SUCCESSFUL DISBURSEMENTS

9% RISK-BASED REJECTIONS

This high approval ratio reflects the company's efficient verification process, strong investor network, and structured financial system. Only cases with incomplete documentation or higher financial risk are declined after evaluation.

4. Working Capital Strength

The financial growth of Vardhman Financial Services can be clearly seen through its expanding Working Capital Structure.

₹105 Crore FY 2025-2026

₹1778 Crore FY 2026-2027

This growth reflects the increasing investor confidence and expansion of financial operations within the company network.

5. Investor Network Strength

The investor network of Vardhman Financial Services is one of the most important pillars of the company. For the Financial Year 2026-2027, the total investor funding capacity is approximately **₹3205 Crore**.

Investor Statistics:

- 846+ Active Investors
